Customer service is our core business value

Experienced team

Residential Land is also a member of the British Property Federation (BPF), as well as the Housing Ombudsman Service so you can be sure you are renting from a trusted landlord.

Tenancy agreement

Properties tend to be rented on an annual or bi-annual basis; however a break clause allowing either party to bring the tenancy to an end earlier than the fixed term can also be agreed. As members of the BPF all of our contracts are passed through Crystal Mark's Plain English Campaign which is a campaign that fights against complex jargon and misleading information.

Payment process

Rent payments are usually made monthly, in advance, although it may be possible to pay quarterly, six monthly or yearly in advance if more convenient for you.

Your deposit

Residential Land is registered with MyDeposits which is an insurance based deposit scheme offering full cover to all deposits; therefore your deposit is protected with us.

After 5 years in London, this is the best apartment I have lived in.

I've lived in London for 4 years and this is the first place that actually feels like home.
